

Motivational Keynote Speaker
Vincent Ivan Phipps
“Amplify Your Attitude!”

423-485-3465

Book Vincent to amplify the energy level of your next event!

The National Speakers Association calls Vincent, “The Attitude Amplifier.” This is due to his ability to engage audiences with his dynamic energy, humor, storytelling and expertise.

Vincent is an award winning, international speaker, author, trainer, and CEO of Communication VIP Training and Coaching. “Amplify Your Attitude!” is Vincent’s most requested keynote presentation. This topic combines what Vincent calls the three most important dynamics of attitude: Motivation, Communication, and Leadership.

In 3 years, he endured the following tragedies: breaking his neck in an almost fatal car accident, leaving his corporate job after 13 years, and he and his wife suffered the loss of their son, Maxton Victor Phipps (He was their MVP!).

During these times of immense struggle, Vincent developed core strategies to channel negative energy towards positive outcomes. He parlayed these skills into applicable techniques for both personal and professional empowerments.

He is recognized as a CSP, Certified Speaking Professional. The CSP, is the highest attainable honor awarded by the National Speakers Association. This accolade is awarded by only 12% of the world’s best speakers.
